

ALLIES CANNOT GO ON WITHOUT U. S. SUPPORT

Reply to Wilson Suggestion to
Drive Turks From Europe
to Be Sent.

WASHINGTON, April 19.—The allied reply to President Wilson's Turkish note is expected by diplomatic officials to point out that without assistance by the United States of responsibility for part of the burden of the solution of the Turkish question, the allies have found it impossible to adopt his suggestion that the Turks be driven from Europe.

The allies hold, it was said, that the aversion of the allies was impossible without assumption by some power, preferably the United States of the obligation for the protection of Constantinople and contiguous Turkish territory. For economic and political reasons, officials said, choice of any other power than the United States was precluded. Since the United States has refused the proposed mandate, no other solution than to leave the Turk in Constantinople under international control was possible.

Representations that the southeastern boundaries of Bulgaria were definitely delimited by the Bulgarian peace treaty, signed by Under Secretary of State Polk last year in Paris, it is known, have been made to the state department in connection with President Wilson's suggestion that part of Eastern Thrace, now Turkish territory, "should become part of Bulgaria." This suggestion, it is believed, will be answered by a reference to the Bulgarian treaty. It was discovered last week that the state department does not possess an official draft of the Bulgarian treaty signed by Mr. Polk.

Soldier Relief to Come Before House

WASHINGTON, April 19.—Republican house leaders today tentatively agreed to present a soldier relief measure to the house about May first.

Besides carrying cash compensation, the bill will include alternative offers of priority in land settlement, home building and extension of vocational training. Two plans for adjusted cash compensation have been submitted by a sub-committee of the house ways and means committee, one granting one dollar for each day's service and the other authorizing payment of \$1.25 a day, with no payments for the first two months of service. Under the latter plan, members said those exempted because their service was less than sixty days and those serving longer would be treated impartially.

It is proposed to begin cash payments January 1, 1921, continuing quarterly. A tax on gross sales, it is said, probably will be the plan adopted by the committee to raise revenues. Democrats, however, oppose this, desiring to present some legislation imposing further taxes on excess war profits.

The sub-committee considering the most adaptable method of raising revenues to pay compensation has not decided on any definite plan. Two alternatives are before the committee, the first a tax on the sale from retailers to consumers, and the other a tax on all "turn-overs," that is, a tax on each resale from the producer to the consumer.

Wage Increase of One Dollar a Day Asked

CHICAGO, April 19.—A request for a temporary wage increase of one dollar a day with time and a half for overtime after eight hours, pending the decision of the railroad labor board on wage demands, was made tonight by the General Chairman's association of the northwest district of the United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers.

One hundred thousand members of the brotherhood in the district would leave work individually April 28, if demands were not granted, the association stated in a telegram to E. F. Grable, of Detroit, president of the brotherhood, in asking him to present the request to the labor board, President Wilson and the General Managers' association.

According to Frank M. Silli, a brotherhood official, the men now receive from \$2.24 to \$2.20 a day. The northwestern district includes territory within 500 miles of Chicago. Thirty-five roads would be affected.

The earthquakes of Italy numbered 5,822 in the twenty-year period ending in 1910.

JAPANESE SEEK CO-OPERATION OF KOLCHAK

Military Undertaking of Great
Difficulty to Maintain Long
Exposed Line.

WASHINGTON, April 19.—Japanese military authorities in their endeavor to safeguard their positions in Siberia are said in official reports to be negotiating for the co-operation of the remnant of Admiral Kolchak's forces still active in that district. Cession to Japan by the Russians of control of the Chinese Eastern railway is understood to be involved in the negotiations, to which China has been made a protesting party. To maintain the long and exposed lines of communication of the Japanese between Vladivostok and Lake Baikal, a thousand miles inland, while occupying the country to the north of Vladivostok to the mouth of the Amur has been a military undertaking of the greatest difficulty. Yet, the Japanese have firmly declared they will remain, at least until they have redeemed their promise to get the last of the Czech-Slovak troops out, and have safeguarded Korea from bolshevik attack.

Except insofar as it might be necessary to maintain this security, the Japanese government has repudiated any intention of territorial acquisition in Siberia, and it is stated this undertaking still holds good. However, it is also understood such a promise is entirely consistent in the Japanese view with encouragement of the surviving elements of the Omsk government and the people in eastern Siberia to create a buffer state between the country controlled by the Moscow government and the Japanese empire. Hence, the negotiations that have been reported between the military chiefs in eastern Siberia.

China is understood to have brought into the negotiations because that nation had a considerable number of troops in northern Manchuria near the Siberian boundary line, whose services could be of value in an anti-bolshevik campaign.

RECORD PRICE FOR POTATOES PAID GROWERS

BROWNSVILLE, Tex., April 19.—Thirty-five thousand bushels of new potatoes still in the ground were sold here today for eight and three-quarters cents per pound F. O. B. Brownsville. It was said to be a record price to growers in the lower Rio Grande valley.

CHICAGO, April 19.—Potatoes are retailing at \$1.35 and \$1.40 per peck in Chicago. This amounts to 9 to 9 1/3 cents per pound.

ROCKFORD, Ill., April 19.—Potatoes will not be served in Rockford restaurants after today until the price is materially reduced. All the local restaurant men have entered into the agreement, it was announced today.

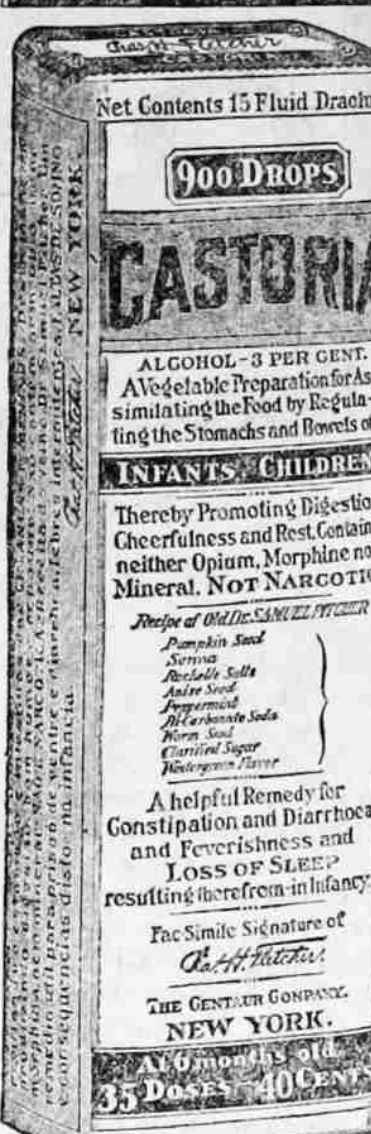

Todd-Stevens Balloon Expedition Delayed

OMAHA, Neb., April 19.—Failure of government sanction to arrive from Washington, probably will delay the proposed Todd-Stevens balloon expedition to signal Mars, it was stated at Fort Omaha today. The flight was to have been next Friday.

Secretary of War to Aid in Forest Fires

WASHINGTON, April 19.—The senate today accepted an amendment to the re-organization bill, allowing the secretary of war to detail officers and enlisted men of the army flying corps regular or reserve, with planes, to the work of forest fire patrols on the national forests in the west.

The christening of a ship with wine is a survival of the old blood sacrifice.

DAUGHTER OF FORMER JUSTICE HUGHES REPRESENTS FRANCE AT CHARITY BALL

Miss Elsie Hughes, daughter of Charles E. Hughes, ex-justice of the U. S. supreme court and former Republican candidate for president, was dressed to represent France at the Peter Rabbit ball, given recently in New York for the benefit of an East Side settlement house. The prominent feature of the evening was the "Melting Pot" dance performed by a group of debutantes representing various nations.

Thomas W. Simpkin Is Religious Fanatic

NEW YORK, April 20.—Thomas W. Simpkin, who killed Dr. James Wright Markoe in St. George's Episcopal church Sunday, was revealed by the police today as a religious fanatic, who took pleasure in hearing sermons in different churches, but who always went armed in fear of being returned to insane asylums from which he had escaped. Arraigned in court, he was held without bail for hearing Wednesday. Assistant District Attorney O'Shaughnessy said he had obtained from Simpkin a voluntary confession that he had come to this city to kill J. P. Morgan, but had found he was dead, and that he then planned to kill former Representative G. B. Miller of Duluth.

"I am not sorry for what I did," Simpkin was quoted as saying. "I'm only sorry for Dr. Markoe's wife. My heart aches for her. If I had a chance, I'd do it all over again."

Simpkin appeared cool and collected when he was arraigned.

"I justify this deed by waking up the people," he said later to the assistant district attorney.

To reporters, Simpkin said that once the foreman of a printing shop had told him he had no money to keep his mouth shut.

"That put murder in my heart," he continued, "and I decided yesterday to have my say. I reached my decision in the morning."

He denied believing in anarchy, saying "All anarchists are fools."

SPECIAL NOTICE FARMERS

The Goddard Packing Co. will make attractive contracts now for pickling cucumbers. Best paying crop. Call office or phone Goddard Packing Co. 598 files covers seven or eight days.

American Federation to Hold Convention

WASHINGTON, April 19.—The 4th annual convention of the American Federation of Labor will be held at Montreal, Canada, beginning June 7th, it was announced today at federation headquarters.

Among the subjects with which the convention will deal, the announcement enumerated "the organization of the yet unorganized workers" to defend and maintain by every honorable means in our power the right to organize for our common advancement; to assert at any risk the equal rights before the law of all workers with all other citizens; to arouse our fellow workers and fellow citizens to the danger which threatens to curb and take away their guaranteed rights and freedom.

FEDERAL GRAND JURY INDICTS 27 STRIKERS

LOS ANGELES, Calif., April 19.—Indictments charging 27 persons, declared to have been concerned in the railroad switchmen's strike in southern California with violation of the Lever food law, were returned by the federal grand jury here late today.

Warrants for the arrest of the accused were issued by Judge B. F. Bledsoe of the United States district court and turned over to United States deputy marshals. Bail was fixed at \$5,000 in each case.

The returning of the indictments followed an all-day session of the jury at which fifty witnesses were examined, including both strikers and "loyal" trainmen. R. A. Edwards, grand lodge representative of the Brotherhood of Railway Trainmen, who has been conducting the brotherhood fight against the "outlaws," was one of those who testified.

Names of those indicted were not made public.

A human generation is counted as twenty-five years; a generation of 598 files covers seven or eight days.

THE cost of one repair often represents the difference between a low priced inner tube and a Goodrich.

The first vulcanizing bill eats up your imaginary saving and you still have the poor tube.

Why not get a Goodrich Tube in the first place?

CLEAN UP PAINT

"Plenty of paint makes things what they ain't"—says the camofleur

But here's the big paint truth, without any camoflage
Paint Keeps Things As They Are

Every drop of good paint, properly applied, fills the dry, hungry pores of the wood, and makes a sealed surface, outside or inside the house, that protects and preserves, and is sanitary.

The Paint Brush Stops the Deterioration of Property and the Depreciation of Values; and frequently it starts the up-building of neighborhood values—for Thrift and Cleanliness and Civic Pride are contagious.
